

Student Car Pool Board

Need a ride to school?

Would like to share the drive and gas expenses?

You could post a note on the Student Car Pool Board to see if anyone is interested in sharing the drive.

Tacks and forms are available on the bulletin board, which is located in the East-West hallway connecting the Commons and the back East doors.

All car pool arrangements are at the students own risk and DeVry is just providing the board to help students connect.
